Military Developments

¶2. (SBU) Israeli aircraft overnight August 14-15 fired rockets at a home in the Jabaliya refugee camp, destroying the house while damaging three neighboring structures. At least 10 Palestinians were injured in the bombing. The IDF claimed the house was used as a command center by the Palestinian Islamic Jihad (PIJ). Israeli shelling in Beit Hanoun injured four Palestinians. The IDF also continued operations near the Gaza airport, where Israeli units demolished six structures. Ensuing clashes resulted in two Palestinian injuries. The Hamas military wing claimed responsibility for detonating an explosive device that damaged an Israeli bulldozer near the airport.

¶3. (SBU) Palestinian militants have fired four Qassam rockets since the evening of August 14 from northern Gaza, resulting in no injuries or property damage. Militants also fired an anti-tank missile at IDF units near the Erez crossing, resulting in no casualties. ConGen contacts in the office of the PA president reported that the incident at Erez occurred approximately 10 minutes before President Abbas' convoy passed through the area.

¶4. (SBU) The PA Ministry of Health released a statement that, since the start of operation "Summer Rain" following the kidnapping of Gilad Shalit on June 25, over 190 Palestinians have been killed and more than 790 injured in the course of IDF operations. Among those killed were 58 Palestinians under the age of 18 and 25 Palestinian women.

¶5. (SBU) In the West Bank, the IDF on August 15 initiated a raid into the Askar refugee camp in Nablus, arresting six Fatah activists. During the operation, a 73-year-old Palestinian woman reportedly died from heart complications due to tear gas inhalation. The IDF arrested at least two others, including a Palestinian carrying a knife at the

entrance to the Ibrahimi Mosque/Tomb of the Patriarchs in Hebron. Palestinian militants also opened fire on IDF units operating in the northern West Bank on August 14. There were no reported injuries.

¶7. (SBU) The Karni/al-Mintar and Nahal Oz crossings are open August 15, according to USAID Gaza-based staff.
